

**As you've probably heard,** there are an alarming number of homeless cats in the Twin Cities. They are suffering and dying because there are too many of them and too few homes. Efforts are underway to reduce the future number of unwanted cats through spay/neuter programs. However, the cats and kittens that are already here need safe and loving homes now.

**Could you adopt a new cat friend or two?** Now's a good time for you and your friends and family to consider it. Pet Haven has lots of wonderful cats that would bring fun and joy to your home. Pet Haven's experienced foster families will be happy to help you find the perfect match for your family. Each cat adopted opens up a space in our foster homes so another can be saved.

**If you would like to meet or learn more about our fine felines,** you can view our adoptable cats at [www.PetHavenMN.org](http://www.PetHavenMN.org), e-mail us at [Cats@PetHavenMN.org](mailto:Cats@PetHavenMN.org), or call Pet Haven at 952-831-3825. Pet Haven is an all-volunteer, non-profit, 501(c)3 charitable organization.
